

**Assistant/Associate Professor in Operations Research
Department of Operations Research
Naval Postgraduate School, Monterey, CA**

The Naval Postgraduate School (NPS) is seeking applications for a tenure-track position in the Department of Operations Research (OR). We will consider applicants specializing in any OR field, including (but not limited to) optimization, statistics, applied probability, simulation, computational sciences, and machine learning. A successful candidate will be expected to eventually teach and develop a research program in the area of defense and homeland security OR, which includes military, healthcare, logistics, infrastructure, big data, energy, environmental, and cyber applications. Although preference is given to candidates at the Assistant- and Associate-Professor levels, qualified candidates at the Professor level will be considered too.

The Department of Operations Research at the Naval Postgraduate School in Monterey, California, is one of the oldest and largest OR departments in the world. Our students are primarily military officers from the U.S. and its allies pursuing Master's degrees in defense-oriented OR topics. We also have a small Ph.D. program. Our students are capable, mature, and hard working. The department has 47 faculty members, with 20 tenure-track professors, who do research in stochastic modeling, statistics, optimization and simulation. Our research addresses important and challenging problems in national security and we foster close collaborations with U.S. Navy and Department of Defense sponsors, as well as other universities. Additional information about our department can be found at <http://nps.edu/or>.

Interested parties are encouraged to submit their applications by October 15, 2016. The application package should include curriculum vitae, names of three references, and a sample of published work, if any. In your cover letter please tell us why you are interested in this position and comment on your research goals, teaching interests, and capabilities.

Minimum qualifications:

- Have or expecting a Ph.D. in a quantitative discipline.
- U.S. citizen or committed to obtaining citizenship when eligible.

Please email your application package to Professor Moshe Kress, Search Committee Chair, Operations Research Department, Naval Postgraduate School, mkress@nps.edu.

Salary is commensurate with qualifications and experience. Relocation package, including recruitment/relocation incentive may be authorized.

NOTE: If you are a veteran, you are strongly encouraged to: Identify your Veterans' Preference on your resume or elsewhere in your application package (type of preference, dates of service, date of VA letter, character of service, etc...)

Additional Veterans' information: If you are not sure of your preference eligibility, visit the Department of Labor's website: <http://www.dol.gov/elaws/vets/vetpref/mSERVICE.htm>. For more veterans' preference information, visit: <http://www.fedshirevets.gov/job/vetpref/index.aspx>.

The Naval Postgraduate School is an equal opportunity employer. For additional information about NPS, please visit <http://www.nps.edu>.
