Graduate Credit for Participation in DRMI Courses

Participants in the DRMC and IDMC may obtain 4 units of Naval Postgraduate School graduate credit.

This is a voluntary program. Participants are not required to sit for exams while at DRMI.

To obtain graduate credit, a participant must notify the Administrative Office within one week of arrival at DRMI; pass two exams; and apply for graduate credit with the NPS registrar.

The NPS registrar charges a fee for the production of a NPS transcript. DRMI does not charge a fee for the conduct of an examination.

Exams

Only participants who desire to earn graduate credit must take exams while participating in a DRMI course.

The exams focus on the application of concepts and techniques of resources management. Exam questions are similar to the problems and case studies that a participant encounters during the DRMC or IDMC.

Participants may use their course notes and readings during the exams. Participants will have at least two evenings to work on the exam material outside of class.

Grading Standard

DRMI faculty will grade submitted exams on a pass/fail basis. A minimum score of 80% on both exams is required to obtain a passing grade.

Due to the limited time available during the course to conduct examinations, participants cannot retake an examination to improve their grade.
