OUR MISSION: Design and deliver regional educational programs, training events and exercises focused on battalion through division-task force level staffs. The education and training is tailored to support Command training objectives.

ABOUT SCSEP: SCSEP is based at the Naval Postgraduate School, Monterey, CA. Established in 2000, the program supports Combatant Commands, the National Guard and partner countries through workshops, multinational and interagency exercise planning, design, control and evaluation.

REGIONAL PROGRAMS

The SCSEP regional seminars are customized for each mission/operational environment and orient participants to the history, culture, political situation, security threats, regional interests, US policies and other key areas of engagement in country/region of interest. The Command shapes the educational framework.

TARGET AUDIENCE

UNITS SUPPORTING MULTINATIONAL EXERCISES: Pacific Pathways, & other exercises

REGIONAL: Combatant Commanders, ASCCs, Regionally Aligned Forces.

SECURITY FORCE ASSISTANCE: State Partnership Programs, TSCC, Strategic Partner Exercises.

PARTNERS: NATO-ISAF, General Officer Corps of partner nations.

CIVILIANS: State, DOJ, FBI, NGOs, others.

SECURITY COOPERATION EXERCISES

SCSEP delivers a nearly unique education and training package that directly supports regional security training and exercises. Our events challenge multinational military staffs to function effectively and coordinate full-spectrum missions in complex operational spaces. Our instructor-facilitated model enhances training value through a combination of academic lectures, direct staff coaching, and dynamics scenario based vignettes and exercise scripts.

STATE PARTNERSHIP WORKSHOPS

SCSEP conducts workshops focusing on areas of cooperation between the state National Guard and its partner country.

REGIONAL SECURITY WORKSHOPS

SCSEP conducts workshops to address the concerns of the Ministry of Interior, Law enforcement, and security organizations across Europe, Balkans and other regions focusing on law enforcement challenges in the region, to include radicalization trends, challenges of immigration and de-radicalization strategies. These events include scenario based exercises and case studies
